Caring Enough To Assure Your Legacy

You've devoted a good part of your life to helping those you love live better, happier, more secure lives. Their future is important to you.

When the time comes, you certainly don't want those you love to face the burden of paying your unexpected expenses.

You want to be remembered for your love and for caring and not for the bills you leave behind! You want to be sure that the "good name" that you have built over the years is protected.

Sure, health insurance and Medicare will pay for most healthcare expenses, but what about those expenses that aren't covered by insurance?

- Credit cards.
- The mortgage and maintenance on the house until it can be sold.
- Insurance on the car and the house.
- Funeral expenses, not including the costs of the cemetery, which average more than \$7,300 across the country.*
- Whatever other bills you leave behind.

Equitable is pleased to offer you the **EquiLIFE LEGACY® Plan**, life insurance designed to help you help your loved ones manage a most difficult time and give you peace of mind. This whole life plan provides you the ability to tailor your coverage to your needs.

EquiLIFE LEGACY®

Full Coverage From The First Day – The full benefit you select is payable whenever death occurs, from the very first day of coverage.

Optional Accidental Death Benefit – You can choose to have your beneficiary receive double the face amount if your death is the result of an accident, or within 180 days of an accident. The benefit is tripled if your death is the result of an accident while you are riding on a common carrier such as a commercial airliner, train, bus, ship, etc., or as the result of a terrorist act.

Optional Nursing Home Waiver Of Premium Benefit – If you are confined in a Nursing Home for at least 90 days, you won't have to pay any future premiums until you are discharged. And, cash values continue to build, just as if premiums were still being paid.

Additional Features

Premiums are **GUARANTEED** to never increase, no matter how long you have your policy.

Benefits are **GUARANTEED** to never decrease, even if you live 100 or more years.

Living Benefits – Each **EquiLIFE LEGACY®** policy includes Living Benefits. If you are diagnosed with a terminal medical condition with a life expectancy of 12 months or less, you can receive the amount of benefit payable, even before your death.

If your death occurs after the first 24 months of coverage, Equitable will advance 50% of the death benefit to your beneficiary, even before the official death certificate is received. This means your beneficiary can pay your bills when they are due, and it keeps your good name in place just as you have done all your life. If your death occurs during the first 24 months of coverage, Equitable must receive the death certificate before the claim process can begin.

Benefits Generally Pass Free Of Taxes To Your Beneficiary. Check with your tax advisor.

Premium Payment Plans: Single Pay; 10-Year; Or Continuous (monthly, quarterly, semi-annually, annually)
